

Good Morning Everyone!

It's MAKE ME SMILE Monday!

Question of the day...

**You have 86,400 seconds today.
How will you use one of those
seconds to smile or make
someone smile?**

This is a weird time for all of us, but it is important to stay positive! Let's make sure to think and do things that keep a smile on our faces or make someone at home with us smile! Tonight I am going to cook a pasta recipe from my sister's favorite cookbook, and I am going to send her a picture of it when it's all done. I think that will put a smile on her face! -Mrs. Nicholson :)
